Experience

IT Intern – IT Hub, Askari Bank, Karachi *July 2025 – August 2025*

Worked in the IT department at the IT Hub office Karachi, supporting internal systems, assisting with software maintenance, and gaining exposure to enterprise tools used in banking operations.

Projects

ZAB Careers AI – AI Based Recruitment Portal (FYP) – *Angular 21, .NET 10 Web API, and SQL Server*

- Developed a PWA for university recruitment using ASP.NET Core Web API, EF Core, and Angular.
- Implemented JWT authentication, role-based authorization, and BCrypt-based data security.
- Integrated Mistral AI for resume analysis, match scoring, and candidate insights.
- Configured SMTP for automated emails (OTP, selection, rejection notifications).

ZAB GPT – AI-Based University Career Assistant – *Docker, AnythingLLM, OpenRouter, RAG*

- Built a custom GPT-style AI assistant for university career and job-related queries using AnythingLLM, Docker, and OpenRouter API. Implemented Retrieval-Augmented Generation (RAG) with PDF, DOCX, and Markdown knowledge sources to provide contextual and intelligent responses for students and recruitment workflows.

Dynamic Portfolio Website – *ASP.NET Core MVC 8, Bootstrap 5, SQL Server*

Developed a personal portfolio web app with an interactive admin dashboard to manage services, skills, projects, contact forms, and user roles.

CodeX – *ASP.NET Core 8, Entity Framework, SQL Server*

Built a content management platform offering free code snippets, tutorials, cheat sheets, developer notes, and projects for learners.

File Monitor System – *C#, WinForms*

Built a desktop monitoring tool for startup tracking, USB port control, files and drive activity logging, and historical browser/process review.

Skills & Tools

C#, .NET 10, ASP.NET Core, Web API, RESTful APIs, Angular 21, TypeScript, Entity Framework Core, SQL Server, JWT Authentication, JavaScript, HTML5, CSS3, Bootstrap 5, Tailwind CSS, LINQ, ADO.NET, Swagger/OpenAPI, Postman, Git, GitHub, Docker, Linux (Ubuntu), MySQL, OOP, SOLID Principles, Design Patterns, CI/CD Fundamentals, JSON, Web Forms, WinForms, RDLC Reports, SAP Crystal Reports, Jira, ClickUp, YouTrack, Java (Core & Swing)

Education

BS Computer Science – SZABIST University
CGPA: **3.64** / 4.0 | 2022 – 2026

Achievements

- **82.7** Percentile In National Skill Competency Test – HEC & NCEAC
- Campus Ambassador at Devsinc – SZABIST University (2025–2026)
- President IEEE Society – SZABIST University (2025 – 2026)
